Dear Members & Friends

ISCM is a non-profit making organisation founded by a group of enthusiastic local shopping centre professionals, certified practitioners and professors in the shopping centre management industry in 2003. Currently, our members come mainly from the property developers, the property management companies, agencies and other related industries.

The ISCM Annual Dinner is the biggest event in the Institute's calendar. It is a platform for professionals in the shopping centre management industry, retail trade, education institutes as well as key representatives from the business community to catch up and unite. A number of prominent industry practitioners from Asia and respectable scholars in the mall-related field will also be invited to this event, making it the most celebrated annual event of the industry.
